ONTARIO SUBSIDIARIES OF FOREIGN MANUFACTURING COMPANIES

1979

Ministry of
Industry and
Tourism

Province of Ontario
Queen's Park
Toronto, Canada

Hon. Larry Grossman, Q.C.
Minister,
L. R. Wilson
Deputy Minister

FOREWORD

Data contained in this publication were last revised in the 1978 edition, which was produced for internal use within the Ministry of Industry and Tourism. During the past year, there has been a steady increase in outside requests for this publication, contributing to a rapid depletion of the stock in print. Instead of making reprints, it was decided to undertake another thorough updating of data entries, and to print the new edition in a larger quantity in order to meet with the rising external demand for this publication.

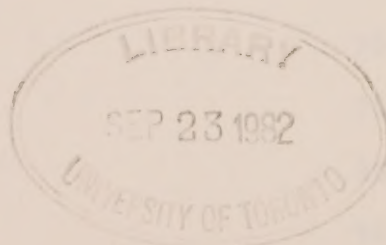

Company entries have been individually checked with the latest published material, both Canadian and foreign, and wherever ambiguity remained, telephone calls were used as the means of clarification. However, changes in corporate control and affiliation are common phenomena in Canadian business, and it would be extremely difficult for a publication of this nature to ensure ultimate comprehensiveness and accuracy. Any feedback from the user to help up-date the entries of future editions will be much appreciated.

This directory is divided into two parts to provide a cross-indexing of data in the following manner:

- Part I: To find the foreign parent company of a known Ontario manufacturing company.
- Part II: To find the Ontario subsidiary of a known foreign parent company by country. Names of American parent companies are classified by states.

Inquiries concerning data in this directory, or requests for extra copies, should be addressed to the following address:

Market Research Section
Industry and Trade Analysis Branch
Policy and Priorities Division
Ministry of Industry and Tourism
900 Bay Street
Toronto, Ontario
M7A 2E6
(Telephone: 965-4347)

Digitized by the Internet Archive
in 2024 with funding from
University of Toronto
